The Millinery Opening of Barrett & Maher

A visit to the store of Barrett & Maher on Saturday last found the firm and their staff of employees busily engaged with their spring millinery opening, with a store full of ladies visiting the department set apart for the display of the spring and summer styles in headwear. The display this season is the finest ever made by this firm, which is saying a great deal. There is so much work on the season's styles that no one can make a hat. There are plaitings, buckles and braidings and all sorts of intricate designs in the trimmings, which only a skilled artist can make. The principal shades are all the shades of blue reads, pink and champagne. The show room was bright with flowers and tasteful and stylish trimmings and last, but by no means the least in importance, were the many beautiful pattern hats which will be in vogue this season. The display was such as to insure the firm a large trade in the millinery line. A smart bell in terra cotta shades has a high rolling brim, very narrow in the front, the crown is of plaited wood, brown maline with fancy embroidered bandage in terra cotta shades. The trimming consists of a long plume shaded from terra cotta to coral pink. One of the nicest things in toques is called the Hood toque. It is made of a soft straw plaque draped in folds. A pretty little model of this description was a pale tan straw caught on one side and trimmed underneath with massed pink roses. Some very beautiful children's hats were noticed at the opening, also an endless variety of ready-to-wear hats at prices within the reach of all. Miss Beaton is in charge of this department, and her long experience in millinery is sufficient guarantee of her ability to please the most fastidious.

AGENTS
American Exchange National Bank
Northern Trust Co.
First National Bank
Royal Bank of Scotland
Great Britain

Lethbridge	—	18 maj.
Calgary	0	0
Vernonhill	—	187
Innisfail	12	—
Ponoka	—	80 maj.
LaCombe	—	98 maj.
Red Deer	90	—
	163	545

Price Acton of Compton, who arrived at Vancouver a few days ago on a visit to Canada, will pass through Wetaskiwin on a visit to the Capital of Alberta on Friday of this week at about 10:30 a.m. His itinerary provides that he will arrive at Strathcona at 12:30, and travel on to Lethbridge where he will meet the Prince of Wales upon his trip through Canada three years ago, is one of the most handsome equipages ever put on the rails in Canada, consisting of six cars, viz.—one baggage car, the dinner Clarendon, car York, sleeping car, Andover, car Canada and car Cornwall.

Considerable activity was manifested along the streets yesterday morning when the workmen employed by the contractor in constructing a side track on the west side of the main line from the wye to the sidewalk in front of the Driard Hotel. It is reported that additional track will also be laid on the east side of the main line. Rumor says that large numbers of tourists will come this summer, and some go so far as to assume that a new station at this point is forthcoming this summer. New seating accommodation was provided in the waiting room of the depot this week.

Church Chimes

Special service will be held in the Swedish Lutheran church on Sunday, April 15th, commencing at 9:30 a.m. with a prayer meeting. Services will be held in the afternoon and evening. Rev. G. A. Sander and others will be speakers at all the services.

Gentlemen

We can still show you a splendid range of Sutlings and Trouserings which we invite you to inspect.

Our Pressing Scheme

Is doing well. Come and add your name to the list.

Small & Bathie,
Merchant Tailors.
One Door East of Queens Hotel.

DISTRICT NEWS

Gathered by our wide awake Correspondents.

STROME

Done Town, for some years in Watashkin, is opening a restaurant. We will have good meals at all hours.

Gen. Robinson, formerly of Watashkin, has accepted the management of the Wavy Lake Lumber Co.'s business at this point, Mr. Seward having gone home to fulfil his homestead duties.

Jas. Robinson of Watashkin was in town visiting his brother, J. H. who is head salesman for J. W. Heric & Co.

What we want is just a fighting chance to tell the people who, and what we are. We certainly have the most pleasing tourist route west of Winnipeg, good water, ground level a table, obliging merchants, post office, and propaganda daily stage. Don't stop, Mr. Settler, until you see our little show it's bound to be a hummer.

Blue stone is advancing, better procure now Mr. Farmer, and save smootly wheat next fall.

We certainly have the finest body of water in the country, Wavy Lake, just north of here. The lake is fed by springs and the water is as soft as rain water.

Mr. Max Knoll, our postmaster is adding quite an addition to his store, which greatly improves the appearance. Mr. Knoll went to Watashkin Monday, his son Hugo is looking after the store.

Messrs. Day, Bushnell, Capt. Cairns and friends from Ontario were visitors Sunday, always glad to meet such smiling faces.

We understand Mr. Block lost \$150. in hay by some one starting a prairie fire. Be more careful of those matches Mr. Traveler.

It is rumored that we are to have a daily stage line between Daysland and our town. This will be appreciated.

Freight trains are expected to run as far as Strome in a couple of weeks.

There is a movement on foot to start a school in town which for the present could be used as a church on Sundays.

We certainly want that creamy and dry Mr. Hauser will canvass the district in that interest.

The prairie seems alive with chickens. What fun the gunners will have next September.

Sell Your Gold for \$1.00

You surely won't stop at a dollar bill to cash that horrid snuffing candle! Go to any druggist and get "Catarcine" and your cold will be a thing of the past. It is a safe, effective and the swift way Catarcine kills colds. If you don't like the price, you can buy it at half price. The qualities of Catarcine perhaps it's not so wonderful. Certainly there is no remedy half so prompt for colds and catarrh as Catarcine.

A very pleasant evening party was spent at Mardal's home in honor of their daughter. A large crowd was in attendance and a good time was had by all.

Thos. Bray received the contract for hauling lumber for the Salt Lake school house, and made the first trip on Monday.

Paul Bjerkseth preached at Earling school house on Sunday.

Olaf Bjerkseth is in an awful state of health having been in the potato field fire. His hands and face are swollen and blistered badly and is suffering terrible pain.

Lars Thune is in Daysland working.

A large dance is announced at Carlson's on Friday. A good time is assured; everybody cordially invited.

The first crow uttered its "caw, caw" on Sunday last. Others are in view.

Iver Stensrud returned from an extended visit to Ottawa and Toronto.

Iver Stensrud is working at Martin's.

Mr. Briny's new house is started. Ole Olson is doing the work.

Palmwood school will close on Wednesday. A very successful term is reported.

We are glad to learn that K. Johnson is around again after his long sickness.

Rev. Mashby preached at J. Rattner on Sunday.

Thos. Thompson from Daysland to look after his interests at Earling. He returned rather disappointed on learning his fine barn burned down.

The farmers have started in the fields to work this week.

Silver Creek

Mrs. Ellington has been very sick the past week. We are glad to learn she is improving.

Mrs. Mutchler is very sick. Luis' bright face is missed by young and old and we sincerely hope she may soon be able to join us again.

About twenty-five of the young folks and friends spent a most enjoyable evening at the home of Mr. and Mrs. W. C. Ode on the 20th. Music and games were indulged in until late at night.

Mr. W. A. Moore has sold his farm to Mr. Vale. We understand that he will build a new residence on the Moore homestead.

D. Cumrine is able to pound the nail again.

Mr. Cumrine likes California very much; he has purchased an eighty acre farm there.

Mr. S. K. Allen and wife and W. T. Pole and wife were in Camrose on Monday.

Don't be afraid, boys. Biaggio left most of his teeth in the last boot he took off, besides pa is away and it will be all right with ma if you attend church.

Ransom Tome returned to his hometown last Monday. He says he doesn't expect to see these parts all the first of June. We didn't think Ransom would stay away from Silver Creek that long.

Mrs. Larang has been quite sick, but was much better the last report.

Howard Adams is also on the sick list.

The friends of Mr. John White assembled at his home the 23rd to bid him farewell and wished him well on his proposed trip. A very pleasant evening was spent by all; the little ones especially enjoyed the treat of taffy. John left for California on the 20th ult.

Mrs. Anna White is taking music lessons from Miss May Cole.

We are surprised that South Dried Meat Lake is so far behind the times not to know peace was reared nearly two months ago and all wounds healing as fast as could be expected.

N. E. Earling

Jim Pearce came up from Sioux Falls last week. Jim is a hard worker and will make Alberta his future home.

Another cream separator agent was around this week; he said sales were scarce.

A very pleasant evening party was spent at Mardal's home in honor of their daughter. A large crowd was in attendance and a good time was had by all.

Thos. Bray received the contract for hauling lumber for the Salt Lake school house, and made the first trip on Monday.

BRING US YOUR BUTTER, EGGS AND FUR. WE PAY TOWN PRICES.

For Sale

As I wish to reduce my herd of Registered Herefords

I am prepared to give any person a heifer on the following stock: 10 cows which have all been bred by my herd bull. These are the best in the herd and the others I expect will calve during the month of April next.

At present, now in Purified Herd, before your neighbors get the start of you. I also have six good heifers which are 2 years old in June, 1912, and 2 years old in June, 1913, will be a year old next May. Any person interested in buying any of these may apply to me for the stock over and get first pick. Hope I will see YOU here soon.

See M. H. Rosenroll, range 43, sec. 19, township 43, range 10, was 400.

DRIED MEAT LAKE

John White started last Monday for California to visit his uncle

The farmers have begun their spring work. Some have their all ready for seeding.

Well! Well! South Dried Meat don't get too funny! We don't get our quartered by Bat meat.

Mr. Tracey Matchler has been quite sick for a few days.

Mr. and Mrs. Geo. Fisher and Rosamond Tom were down to Rosamond's hometown last Monday and Tuesday.

Mr. Gauthier, of Zion, failed to take Mr. Rose's place, so Mr. and Mrs. Thornton have rented it for the coming year. They moved in last week.

Harry Toll drove his cattle down to his homestead last week.

Blossom Douglas was staying with her sister, Mrs. Thornton, a few days last week.

A fire started near the church last Tuesday night. Some of the neighbors happened to wake up and put it out. Mr. Rose's hay was all burned and some logs were set by Geo. Fisher. Prairie fires seem to be more prevalent in this vicinity than in the spring. All of the logs scattered on the Laurent Salway farm were burned.

There was a social at the home of Wm. Ferguson, sr., on Friday evening, March 30th. A large crowd was present. The social was given to raise money for the "conventional fund". Our church debt is all paid.

W. E. White has gone to Wayley Lake. He is expected back this week.

CAMROSE

Dr. Hause renewed acquaintances in town last week.

In order to accommodate the sporting public Mr. A. Coda has decided to put in a billiard table in his pool room.

Pike, manager of the Merchants Bank, spent Sunday at Daysland.

Meers Johnson and Davis took in the sights at Bawlf last Sunday.

Mr. A. T. Patterson has just trudged through a severe attack of grippe.

Several of the young men took in the dance at Mr. Wilson's last Friday.

D. Sampson is having the upstairs of his store fixed up and invited into rooms.

A. Vinton Hartly visited it Saturday last Sunday.

Betty Hendrickson has accepted the position of chief clerk in the firm store. His duties will commence shortly.

A number of people arrived from the States last week bound for Lake east and northeast of here.

One of our bronco-busters gave a exhibition on how to bust a bronco one day last week, on Main Street.

That grim reaper, Death, called for one of our young men in person of Jas. Hill. Deceased was a citizen with a seven year record on the 25th day of

March.

He was so bad I could not sleep or eat. I consulted and had him sent to Dr. G. L. Green, who prescribed a box of your valuable, life-giving remedy. Dr. Green's Kidney Pills have no equal for any form of kidney trouble.

Dr. Green's Kidney Pills are 20c per box, and can be sent direct to you or all dealers or will be mailed direct on receipt of order, by the Dean Kidney Pill Co., Toronto.

Do not accept a spurious substitute but be sure and get "Dean's".

Read the words of praise, Mr. M. A. Malone, Marion Bridges, N.S., has for Dean's Kidney Pills. (He writes us): "For the past year I have been taking Dr. Green's Kidney Pills and have been free from pain across my kidneys. I was so bad I could not sleep or eat. I consulted and had him sent to Dr. G. L. Green, who prescribed a box of your valuable, life-giving remedy. Dr. Green's Kidney Pills have no equal for any form of kidney trouble."

Dr. Green's Kidney Pills are 20c per box, and can be sent direct to you or all dealers or will be mailed direct on receipt of order, by the Dean Kidney Pill Co., Toronto.

Do not accept a spurious substitute but be sure and get "Dean's".

March and continued to grow worse until the end came. Friends at Bawlf and Chicago were notified at once of his death which came the 31st day of March.

Hillside School Report for March

Number on roll during month, 14; average attendance, 8.68; percentage of attendance, 61.28.

Examination in order of merit—Lura Gray 86, Julius Roberts 76, Fred Brown 74, Frank Roberts 70, Fred Brown 70, Bruce Forster 71, Blanch Barber 73, Nathan Howes 71, Willie Swartz 55, Mildred Howes 51.

Those who were promoted at the end of the month from the second to the third grade—Lura Gray, Julius Roberts, Bruce Forster, Blanch Barber.

Those who were promoted at the end of the month from the second to the third grade—Lura Gray, Julius Roberts, Bruce Forster, Blanch Barber.

Miss M. K. Kerr, Danville, Ont., was writing that for years constipation was her trouble, and she had tried many remedies, but none were of much benefit, and they are a grand medicine for constipation, and she has found it to be the best in the house.

Cathartics, pills, salts, aperient waters don't reach the liver. They merely irritate the bowels and make the bowels move by irritating the lining membrane. Constipation is made worse by such drugs.

A smut-ball is practically a tag filled with the seeds of the smut plant. These are of an oily nature and when broken out will germinate if they are put in the ground. The spores are so minute that they will penetrate the soil and immediately afterwards attack the young grain plant by penetrating its tissues above the seedling stage. After this it leaves a parasite in the stem of its host, finally mounting to the grain where it changes its color and starch and gluten into its own seeds.

A smut-ball is practically a tag filled with the seeds of the smut plant. These are of an oily nature and when broken out will germinate if they are put in the ground. The spores are so minute that they will penetrate the soil and immediately afterwards attack the young grain plant by penetrating its tissues above the seedling stage. After this it leaves a parasite in the stem of its host, finally mounting to the grain where it changes its color and starch and gluten into its own seeds.

**Fruit Cures
Constipation**

"Fruit-a-tives" cure Constipation because they are made of fruit.

Constipation comes from just one cause—lack of bile.

It is the bile flowing into the intestines—that causes the bowel to move. More bile is the only thing that can cure Chronic Constipation.

Fruit-a-tives directly on the liver. It stimulates the liver, strengthens the liver, and strengthens the tiny liver cells—causes more bile to be made and makes the liver give up more bile to the bowels.

Mrs. A. T. Kerr, Danville, Ont., was writing that for years constipation was her trouble, and she had tried many remedies, but none were of much benefit, and they are a grand medicine for constipation, and she has found it to be the best in the house.

Cathartics, pills, salts, aperient waters don't reach the liver. They merely irritate the bowels and make the bowels move by irritating the lining membrane. Constipation is made worse by such drugs.

Town Topics

Mrs. G. R. Taylor and family, who have spent the winter in Ontario, returned to town on Monday evening last.

Morris John Smith and G. Publow, agents for the Bell piano, were in town this week.

J. M. Bickell, of Youngstown, was transacting business in town this week.

The Driard pool room changed hands on Friday morning last. Mr. Herrell having disposed of same to a Mr. Hoag.

High Butteville was called home to Wimipeg on Thursday morning having received a message that his father was at the point of death.

H. J. Daly, the gentleman who purchased the ranch from A. S. Carroll, M.P.P., with Mrs. Daly, is expected to arrive in town from the east on Saturday.

At a meeting of the fire brigade on Thursday evening, Jas. Scott was elected as assistant chief of the brigade. A committee was also appointed to purchase gymnastic appliances to be installed in the hall for the use of the members.

Mr. and Mrs. R. Z. Crawford, of Redwater, B. C., who have been spending a few days with the latter's parents, Mr. and Mrs. John G. Berg, at Nashville, returned home on Thursday.

Young Boys, who is doing such good work on the Calgary Herald, spent Sunday in town with his family. He just returned from a visit to the office of Linden & Co., real estate agents here.

The rooms upstairs in the office of O'Brien & Bissett have been selected as the headquarters for the Board of Trade. Anyone desiring information should apply to the secretary who will always be found there and they will be only too pleased to give all information possible regarding the town and district.

Linden & Co., the management of Mr. John Bissett, are meeting with great success. They report two good sales last week—one a 320 acre farm, and the other a 480 acre farm. Prices paid were \$100 per acre and over. They also report several older past due deals under way, which they expect to close this week. Linden & Co. state the demand for farms ranging from \$10 to \$15 per acre is very lively, and half section farms seem to have the preference.

The Strome News is the name of the first journalistic venture in Alberta. It is a four page paper and is published by The Strome News Publishing Co.

We have just received Vol. 1, No. 2, of the Alberta Normal Voice, a paper published in connection with the Normal school, Calgary. It is edited by Mr. C. A. Ward, formerly of Perry Point and Rosedale.

The vital statistics for the Wetaskiwin district for the month of March

have just been received by A. Schmidt, recorder, broken all previous records, no less than 122 babies having been registered. There were 15 marriages and 31 deaths.

The swimming fire was narrowly averted on Saturday evening last when fire破了 in a pile of ashes at the rear of the Merchants Bank become fanned by the breeze. Several Victor hand extinguishers were brought and the fire quickly extinguished.

Attention is directed to the ad, in this week's issue asking for tenders for the hauling of erosion to the creek here. It is the intention of the directors to commence operating the creek on Tuesday, May 2d this evening.

W. G. Dawson, who has been the popular and competent principal of the Grand Trunk Business College at this place, left for Edmonton, where he expects to spend the summer, and Mr. Downie expects to return in the fall and anticipate larger classes than ever.

Mr. Sidney Wilson, who for some time occupied a position as clerk and stenographer in the real estate and insurance office in Neepawa, Man., has accepted a similar position in the office of Linden & Co., real estate agents here.

An effort is being made to organize an orchestra in town. This is a step in the right direction as there are many talented musicians here, who, by uniting, would make an orchestra second to none in Alberta.
